To whom it may concern:

Full Service Chimney is just that, full service and beyond. They replaced our liner two years ago and we would not think of having anybody else do the work or come back to clean and inspect our chimney.

Robert is always on time, which is very respectful of my time. The work is always first class. Making sure everything is covered while they are working and leaving the house as clean as it was when they walked through the front door.

We have recommended Full Service Chimney to family and friends and will continue to do so. Robert and Mary [redacted] Berry have been very helpful and a pleasure to do business with over the last ten years.

Sincerely,

Kathy and [redacted]
Colleen McKeon
